Process for Considering Special Education Exit Criteria from Bilingual/ESL Services

Elizabeth Góngora
Bilingual/ESL Coordinator
3/24/2016
Objectives for Today

**• Content Objective** – Participants will...
  • receive an overview of the legal requirements that pertain to collaboration between ARD, RTI, and 504 committees and LPAC
  • read some pre-referral recommendations to consider for ELLs
  • review the state exit criteria for ELLs
  • read through the “Process for Considering Special Education Exit Criteria from Bilingual/ESL Services”

**• Language Objective** – Participants will...
  • Discuss the criteria for consideration of a special exit from the Bilingual/ESL program for students receiving special education services
  • Discuss the differences between the general exit criteria and special exit criteria
  • Discuss sources of information to be considered in completion of the form/documentation
Some students receiving special education services are also identified as English Language Learners (ELLs).

General Exit Criteria

89.1210 Program Content and Design
LPAC Framework Manual p. 20/77

Bilingual Program Model: Transitional Bilingual /Early Exit
ESL Program Model: ESL/Content-based
• Must remain in the program for a minimum of 2 years
• Cannot exit in PK or Kinder
• Expected to exit within 5 years

Notes:
• Cannot exit if the LPAC recommended linguistic accommodations for Reading and/or Writing on STAAR/EOC
• See 2015-2016 English Proficiency Exit Criteria Chart

### 2015–2016 English Proficiency Exit Criteria Chart

At the end of the school year, a district may transfer (exit, reclassify, transition) a LEP student out of a bilingual or ESL education program for the first time or a subsequent time if the student is able to participate equally in a regular all-English instruction program as determined by satisfactory performance in all three assessment areas below and the results of a subjective teacher evaluation.¹

For State of Texas Assessments of Academic Readiness (STAAR) English reading and English writing, the performance level for program exit is Level II (Satisfactory Academic Performance) or above.

Collaboration Meeting Discussions

• **Who?** Key members of the ARD committee and LPAC
• **Why?**
  • Student’s cognitive abilities;
  • Student’s linguistic abilities;
  • Student’s affective needs;
  • Linguistic accommodations for access to the general curriculum; and
  • Whether the student will benefit from second language acquisition services
Step 1: Schedule Meeting to Evaluate Whether Student Potentially Qualifies for Exit

- **When?** At or near the beginning of the school year
- **Who Must Attend?**
  - members who are familiar with the student’s current progress and needs, including -
    - one or more teachers with in-depth knowledge of the student’s second language acquisition and academic achievement
    - key admission, review, and dismissal (ARD) committee members (including a diagnostician when applicable)
    - key language proficiency assessment committee (LPAC)
Step 1: Schedule Meeting to Evaluate Whether Student Potentially Qualifies for Exit

• **Why?** To discuss whether a student qualifies to exit using criteria under §TAC 89.1225(k)
  - Determine assessments and/or English language proficiency assessment standards to be used in the exiting process
  - ONLY when assessments and/or English language proficiency assessment standard under TAC §89.1225(h) are NOT appropriate for the student in a particular language domain for reasons DIRECTLY associated with the student’s disability
  - To address the needs of an INDIVIDUAL student (not groups)
  - VERY FEW students qualify to exit using the §TAC 89.1225(k) criteria
Step 2: Discuss Evidence of Need for Use of §89.1225(k) Exit Criteria

• **When?** At the collaboration meeting

• **What?**
  
  • Discuss the *second language acquisition of the student* within the context of the individual student’s disability to consider *whether* special exit criteria are warranted

  • IEP-based and **must** include *documented evidence* due to nature of student’s disability,

  • student is not expected to be **able** to attain English language proficiency in one or more domains **and**

  • No longer appears to benefit from second language acquisition support in English to address second language acquisition cognitive, linguistic, and affective needs (or is expected to reach that point during the school year)
Step 2: Discuss Evidence of Need for Use of §89.1225(k) Exit Criteria

Evidence must include -

• Historical formal assessment data;
• Historical informal assessment data; and
• Direct teacher input to provide insight into the student’s classroom performance and needs
  • Should include documentation of response to intervention (RtI), anecdotal notes, and other evidence from other sources
    • classroom-based observations and
    • classroom activities (work samples)
Step 2: Discuss Evidence of Need for Use of §89.1225(k) Exit Criteria

Evidence must include (continued)

- Ongoing informal assessment data to identify the levels of academic functioning and English language proficiency—
  - checklists, inventories, and other formative evaluations
- The input of diagnostician may be requested to help determine whether the TAC 89.1225(k) exit criteria are warranted
Step 3: Specify Assessments and English Language Proficiency Test Standards

• **When?** After reviewing the evidence and IF meeting participants conclude that the student no longer benefits from second language acquisition support in English (or is expected to reach that point during the school year)

• **What?**
  • Participants review the assessment information in the IEP
  • Participants make exit criteria recommendations
Step 4: Prepare Documentation

• **Who?** Key members of the ARD committee and LPAC

• **What?**
  - Document:
    - Evidence;
    - Recommendation;
    - Assessments; and
    - Any modified English language proficiency test standards
Step 5: Discuss Recommended Exit Criteria in Formal ARD Committee Meeting

- **Who?** Key members of the ARD committee and LPAC

- **What?**
  - Present the documentation
  - Update IEP with documentation of the modified exit criteria IF the committee as a whole determines that exit is anticipated

- **Where?**
  - At the formal ARD committee meeting
    - **Should** take place as early in the current school year as possible; or
    - At the end of the year to be applied the next school year
    - **Must** occur prior to the student’s participation in the identified assessments
Step 6: Determine and Document Whether Student Has Met Modified Exit Criteria

- **Who?** Key members of the ARD committee and LPAC
- **When?**
  - At the end of the year [TAC §89.1220(g)]
  - An additional ARD committee meeting is necessary for students whose annual ARD committee meeting is held at a different time
Step 6: Determine and Document Whether Student Has Met Modified Exit Criteria

• **What?**
  • Determine whether the student has met the modified exit criteria
    • Review the assessment results; **and**
    • Subjective teacher evaluation [TAC §89.1225 (h)] – must reflect the status of the student after the administration of the assessments
Step 6: Determine and Document Whether Student Has Met Modified Exit Criteria

• **What?**
  
  • **IF the decision is made to exit the student based on assessment results and subjective teacher evaluation,**
  
  • **ARD committee—**
    
    • Finalizes and documents the change in placement/program; and
    
    • Delineates instructional services
      
      • Including the monitoring period for exited students (two years after exit)
  
  • **LPAC**
    
    • Documents the exit decision in the student’s permanent record file
